

Read & RISE

Where Young Minds Soar With Words

An Early Childhood Reading Intervention System

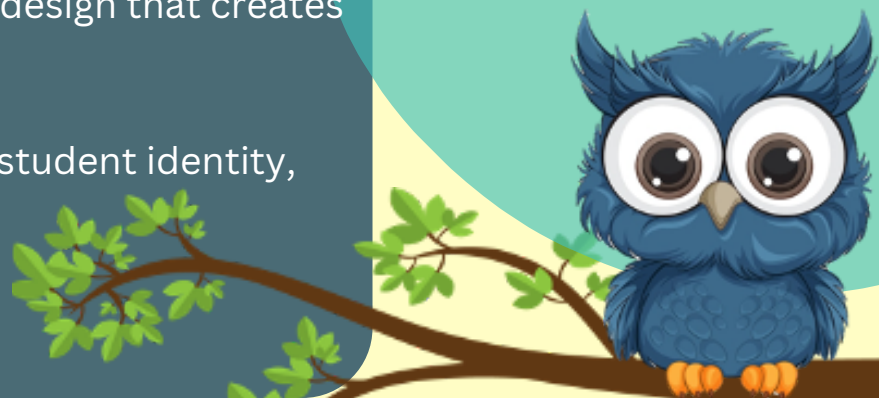

The Read & RISE Difference: Our Approach, Your Results

Read & RISE equips your school with everything needed to move the needle on reading achievement:

- A fully staffed, fully resourced Tier 2 intervention system designed for measurable growth
- An innovative theme-based classroom design that creates an immersive learning environment
- A signature system mascot that builds student identity, motivation, and belonging

Meet Olly The Owl

Read & RISE's very own Reading Ranger who is on a mission to ensure every child discovers the confident reader living inside them.

Where Young Minds Soar With Words

A Joint Venture of EduImpact
Management Solutions and Innovative
Teaching Solutions

Program At-a-Glance

- Read & RISE is a tiered early childhood reading intervention system serving 1st and 2nd grade students.
- Our system runs two 12-week semesters per year, with three 60-minute sessions per week – totaling 180 minutes of intentional, structured literacy intervention.
- Each classroom serves up to 18 students across three cohorts, led by two dedicated reading interventionists whose sole focus is your student's reading growth.

Program Modal

- Read & RISE uses a research-backed, station rotation model called The Quad Squad (Skillful Scholar, Tech Time, The Literacy Lounge, and Cool Kids Corner) – four purposefully designed learning stations that make every minute count:
- First-year participants are our Reading Rookies. Second-year students become our Reading Rangers – growing in identity and skill every step of the way.

The Read & RISE Values

- **R – Resilience:** Equipping young readers to rise, persist, and grow.
- **I – Inclusion:** Ensuring every child feels seen, valued, and celebrated.
- **S – Scholarship:** Grounding every lesson in evidence-based, research-backed practice.
- **E – Excellence:** Holding the highest standards in teaching, materials, and outcomes.

Join The Movement

Read & RISE is currently accepting partner schools for the upcoming program year.

Space is limited. Schedule a discovery call to learn if your school is a fit.
